

Oklahoma Alternative Standard Certificate: Professional Education Coursework

Through the [Alternative Placement Program](#), the state of Oklahoma offers a pathway for individuals with nonteaching degrees to teach in Oklahoma schools. Once you've received your initial alternative certificate, you have three years to complete your professional education as you work toward your alternative standard certificate.

As part of the professional education requirement, you must complete college credit courses in two areas: **Classroom Management** and **Pedagogical Principles**. Advancement Courses offers **approved courses** in both required categories.

Professional Education Area	Approved Courses
Classroom Management: (Choose one of the following courses)	Positive Behavior Interventions and Supports for Successful Classrooms A Well-Managed Classroom for 21st Century Educators
General Pedagogical Principles:	Highly Effective Questioning Strategies for Teachers

Register now at [Advancement Courses](#) or call 800.762.0121.

When purchasing your courses, select any of our [graduate university partners](#) to earn your credit hours.
