Graduate programs at Medaille College require that students maintain at least a B (3.0) average for all courses taken in fulfillment of degree requirements at Medaille.

**(GPA) Grade Point Average:**

Grades received earn quality points as indicated on the preceding table. A grade point average is computed by dividing the number of quality points earned by the total number of credit hours for which you were registered. Grade point averages may be computed for one semester's courses or on a cumulative basis. To compute a semester grade point average, multiply the number of quality points earned for the grade (see preceding table) by the number of credits awarded for the course; add the quality points and divide by the number of quality credits for the semester.

**Cumulative Average:**

The cumulative average is computed for all of the courses you have taken at Medaille. It changes whenever a new semester's grades are calculated and is a reflection of how a student is doing in all of his/her work. In cases of repeated courses, only the last grade earned is utilized in the cumulative GPA calculations.

**Graduation Honors:**

The cumulative grade point average determines graduation honors. A student must have 48 credits in residence for Baccalaureate degree graduation honors and 24 credits in residence for Associate degree graduation honors. If a student has a cumulative GPA for all course work of 3.5, the student is eligible for Cum Laude; an average of 3.7, Magna Cum Laude; an average of 3.9, Summa Cum Laude. Graduation honors are only granted to Undergraduate students.

**Release of Information:**

Transcripts are sent only upon the written request or consent of the student. This is in accordance with the **Family Educational Rights and Privacy Act of 1974**. Medaille College does not make copies of other institutions' transcripts. It is necessary to obtain such transcripts directly from the institution concerned.
